CAPABILITY STATEMENT

GMS Industrial Supply, Inc., a SBA certified, Small Woman and Minority (SWaM) company, has been a major supplier of green cleaning and maintenance products to the DoD, primarily the US Navy, for over 17 years, with a strong emphasis on professional on site service nationally, and efficient, high performance, state of the art products in green technology. GMS has support facilities and trained service technicians located throughout the continental US, Alaska, and Hawaii. These qualities and the strong appeal for our products and service has helped GMS gain entry to, and grow, within the other branches of the United States Department of Defense, and in doing so, we have modified our product line to focus on each need for each branch.

Our products continuously uphold the strict budget standards of the Department of Defense by offering a product line that is not only extremely effective utilizing the very latest in green and sustainable technology, is affordable, while reducing waste streams in accordance with new DoD directives. Due to many years of support within the DoD, GMS has been awarded more than 26 NSNs for our most popular items. Many of which are stocked at the DLA depots. As a result of our many years of successful DoD supply, we've been awarded IDIQ contracts by DLA coupled, with our GSA contracts which provides our customers the most preferred procurement methods available.

We are proud that our Green Oger family of earth friendly products is one of the best-selling in the entire Department of Defense. To learn more about GMS Industrial Supply's line of green products, please visit:
