24-Hour Emergency Telephone: 1-800-424-9300 CHEMTREC

Section 1. Identification

GHS product identifier : Ship Shape! Cannonballs Fantastic Lilac
Product code : GMS2522JR, GMS2522TB
NSN : 6840-01-665-3320 (GMS2522TB)

Product type : Liquid Cleaning Compound

Relevant identified uses of the substance or mixture and uses advised against

Identified uses

Not applicable.

Uses advised against

Not applicable.

Company : GMS Industrial Supply, Inc
212 Denn Lane
Virginia Beach, VA 23462
855-GRN-OGER

Emergency telephone number (with hours of operation) : 800-424-9300 CHEMTREC

Section 2. Hazard(s) Identification

OSHA/HCS Status

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

2.1 Pod / Sachet Use Note

The hazard information in this SDS applies to the **liquid concentrate contained inside the water-soluble sachet**. Under normal conditions of use, the pods are handled intact and dissolved directly in water.

- Handling **undamaged sachets according to label instructions typically does not result in exposure to the concentrate**, and special PPE is generally not required for normal handling.
- The classification, hazard statements and protective measures primarily apply to **spill, leak, damaged pod, bulk transfer, or other situations where the liquid concentrate is released**.

2.2 Classification of the Substance or Mixture

Classification in accordance with OSHA HCS 29 CFR 1910.1200:

- Eye Damage / Irritation – **Category 2**
- Skin Sensitization – **Category 1**
- Reproductive Toxicity – **Category 2**

Safety Data Sheet

SDS Revision Date: December 31, 2025

Product ID: GMS2522JR,GMS2522TB

0003

GMS Industrial Supply, Inc.

24-Hour Emergency Telephone: 1-800-424-9300 CHEMTREC

2.3 GHS Label Elements

Pictograms:

Signal Word: WARNING

Hazard Statements:

- May cause an allergic skin reaction.
- Causes serious eye irritation.
- Suspected of damaging fertility or the unborn child.

Precautionary Statements

Prevention

- Do not handle until all safety precautions have been read and understood.
- Avoid breathing vapours or mists.
- Wash hands and other contacted skin thoroughly after handling.
- Contaminated work clothing should not be allowed out of the workplace.
- Wear protective gloves/eye protection/face protection.

Response

- **IF ON SKIN:** Wash with plenty of soap and water.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- **IF EXPOSED OR CONCERNED:** Get medical advice/attention.
- If skin irritation or rash occurs: Get medical advice/attention.
- If eye irritation persists: Get medical advice/attention.
- Wash contaminated clothing before reuse.

Storage

- Store locked up.
- Store in a cool, well-ventilated place.
- Keep container tightly closed and pods dry until use.

Disposal

- Dispose of contents/container in accordance with local, regional, national and international regulations.

Hazards Not Otherwise Classified (HNOC): None known.

Safety Data Sheet

Section 3. Composition/Information on Ingredients

Substance/Mixture: Mixture

3.1 Mixture

Sachet contents (liquid inside pod)

Component	CAS Number	Concentration	Classification Relevance
Proprietary fragrance blend	Proprietary	Proprietary	Driver of classification
Water	7732-18-5	1–10 %	Not classified
Milling Violet Blue Dye	12220-51-8	<0.1 %	Not classified

Pod film (outer water-soluble sachet)

Component	CAS Number	Role	GHS Status
Polyvinyl alcohol	9002-89-5	Water-soluble film (sachet)	Not classified

Trade Secret Statement

The specific chemical identities and concentration ranges of the ingredients in the proprietary fragrance blend are considered trade secrets and are withheld in accordance with the provisions of 29 CFR 1910.1200.

Section 4. First-Aid Measures

General Advice

If you feel unwell, or if irritation persists, get medical advice/attention and show this SDS.

Inhalation

Remove person to fresh air and keep comfortable for breathing. Get medical attention if symptoms occur or persist.

Eye Contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation persists.

Skin Contact

Wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. If skin irritation or rash occurs, get medical advice/attention.

Ingestion

Rinse mouth. Do not induce vomiting. Get medical attention.

Most Important Symptoms/Effects

- Eye irritation: redness, tearing, pain.
- Skin sensitization: redness, itching, rash.
- Possible reproductive effects with significant exposure.

Indication of Immediate Medical Attention and Special Treatment Needed

Treat symptomatically.

Section 5. Fire-Fighting Measures

Suitable Extinguishing Media

Carbon dioxide, dry chemical, alcohol-resistant foam.

Unsuitable Extinguishing Media

None known.

Safety Data Sheet

24-Hour Emergency Telephone: 1-800-424-9300 CHEMTREC

Specific Hazards Arising from the Chemical

In case of fire, hazardous combustion products may include carbon monoxide and other unidentified organic compounds.

Protective Equipment and Precautions for Firefighters

Wear self-contained breathing apparatus and full protective clothing. Use water spray to cool containers exposed to fire.

Section 6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures

- Avoid inhalation of vapours or mists from spilled concentrate.
- Avoid contact with skin and eyes.
- Use personal protective equipment as specified in Section 8.
- Remove all sources of ignition and provide adequate ventilation.

Environmental Precautions

Prevent entry into drains, surface water and soil. Toxic to aquatic life with long lasting effects.

Methods and Materials for Containment and Cleaning Up

- **Intact pods:** Collect and place into suitable container. Avoid puncturing sachets.
- **Damaged pods / liquid concentrate:**
 - Contain spill with sand or inert absorbent material.
 - Collect absorbed material into labelled containers for disposal.
 - Wash spill area with water while preventing uncontrolled release to the environment.
- Dispose of waste according to Section 13.

Section 7. Handling and Storage

Precautions for Safe Handling

- Keep away from heat, sparks, open flames and hot surfaces. No smoking.
- Avoid breathing vapours or mists from released concentrate.
- Do not eat, drink or smoke when using this product.
- Handle pods with dry hands; do not puncture or cut sachets.
- Use only in well-ventilated areas.
- Follow good industrial hygiene practices.

Conditions for Safe Storage, Including Any Incompatibilities

- Store in a cool, dry, well-ventilated area.
- Keep container tightly closed when not in use.
- Keep pods in original packaging and protect from moisture.
- Keep away from strong acids, strong alkalis and oxidizing agents.

Section 8. Exposure Controls/Personal Protection

Control Parameters

Relevant occupational exposure limits may exist for individual fragrance components. Observe any applicable regulatory or internal exposure limits.

Appropriate Engineering Controls

Provide adequate general and/or local exhaust ventilation to maintain airborne concentrations below applicable limits.

Provide eyewash station and safety shower where concentrate is handled.

Individual Protection Measures

- **Eye/Face Protection:**
Use safety glasses with side shields or chemical splash goggles when handling spills, damaged pods or bulk concentrate.
- **Skin Protection:**
Wear suitable protective gloves (e.g. chemical-resistant gloves) and protective clothing when there is potential for contact with the concentrate. Routine handling of intact pods may not require gloves.
- **Respiratory Protection:**
If exposure limits are exceeded or irritation is experienced, use a NIOSH-approved respirator suitable for organic vapours. For large spills, confined spaces, or unknown concentrations, use positive-pressure air-supplied respirator.
- **Hygiene Measures:**
Wash hands and exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

Section 9. Physical and Chemical Properties

Property	Value
Appearance	Liquid concentrate in water-soluble sachet; colour per specification (violet/lilac).
Physical State	Liquid (inside solid film pod).
Odour	Characteristic fragrance; odour per specification.
Odour Threshold	Not determined.
pH	Not determined.
Melting/Freezing Point	Not determined.
Initial Boiling Point and Boiling Range	Not determined.
Flash Point	> 200 °F / > 93.34 °C.
Evaporation Rate	Not determined.
Flammability (solid, gas)	Not applicable (liquid in sachet).
Upper/Lower Flammability or Explosive Limits	Product does not present an explosion hazard.
Vapour Pressure	Not determined.
Vapour Density	Not determined.
Relative Density / Specific Gravity (22 °C)	1.0565 – 1.0665.
Solubility	Soluble in water (sachet and contents).
Partition Coefficient n-octanol/water	Not determined.
Auto-ignition Temperature	Not determined.
Decomposition Temperature	Not determined.

Safety Data Sheet

Property	Value
Viscosity	Not determined.
Other Information – Refractive Index (22 °C)	1.4666 – 1.4766.

Section 10. Stability and Reactivity

Reactivity

No specific reactivity hazard expected under normal conditions of use.

Chemical Stability

Stable under recommended storage conditions.

Possibility of Hazardous Reactions

No hazardous reactions are expected under normal conditions of use.

Conditions to Avoid

Extreme heat, open flames and other sources of ignition.

Incompatible Materials

Strong acids, strong bases, oxidizing agents.

Hazardous Decomposition Products

Under normal conditions of storage and use, hazardous decomposition products are not expected. Thermal decomposition may generate carbon oxides and other organic compounds.

Section 11. Toxicological Information

Information on Likely Routes of Exposure

- Inhalation of vapours or mists from released concentrate.
- Skin contact with concentrate.
- Eye contact with concentrate.
- Ingestion of concentrate.

Acute Toxicity

Based on available data, the classification criteria are not met. Mixture is not expected to be acutely toxic by oral, dermal or inhalation routes at anticipated exposure levels.

Skin Corrosion/Irritation

Based on available data, not classified as corrosive or irritating. May cause mild transient irritation on prolonged or repeated contact.

Serious Eye Damage/Eye Irritation

Causes serious eye irritation (Category 2).

Respiratory or Skin Sensitization

May cause an allergic skin reaction (Skin Sensitization Category 1).

Germ Cell Mutagenicity

Based on available data, the classification criteria are not met.

Carcinogenicity

Components are not listed as carcinogenic at concentrations present in this product according to IARC, NTP or OSHA.

Reproductive Toxicity

Suspected of damaging fertility or the unborn child (Reproductive Toxicity Category 2).

STOT – Single Exposure

Based on available data, the classification criteria are not met.

Safety Data Sheet

SDS Revision Date: December 31, 2025

24-Hour Emergency Telephone: 1-800-424-9300 CHEMTREC

STOT – Repeated Exposure

Based on available data, the classification criteria are not met.

Aspiration Hazard

Based on available data, the classification criteria are not met.

Symptoms Related to the Physical, Chemical and Toxicological Characteristics

See Sections 4 and 2.

Section 12. Ecological Information

Ecotoxicity

Toxic to aquatic life with long lasting effects.

Persistence and Degradability

Data not available for the mixture.

Bioaccumulative Potential

Data not available.

Mobility in Soil

Data not available.

Other Adverse Effects

Avoid uncontrolled release to the environment.

Section 13. Disposal Considerations

Waste Treatment Methods

- Dispose of contents/container in accordance with local, state and federal regulations.
- Do not discharge into drains, surface waters or soil.
- Empty packaging and damaged pods should be disposed of via an approved waste contractor.
- Contaminated absorbent material may pose the same hazards as the product and should be disposed of accordingly.

Section 14. Transport Information

General:

Regulatory classification may vary by packaging, quantity, and mode of transport. The information below is provided as a guide.

Mode / Regulation	UN Number	Proper Shipping Name	Class	Packing Group	Marine Pollutant / Environmental Hazard	Notes
US DOT (non-bulk)	Not regulated	Not regulated as dangerous goods	–	–	Not applicable	Ground transport within U.S.
US DOT (bulk)	Not regulated	Not regulated as dangerous goods	–	–	Not applicable	Ground transport within U.S.
IMDG	UN3082	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.	9	III	Marine pollutant	Contains hazardous components
ADR/RID/ADN	UN3082	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.	9	III	Environmentally hazardous	–

Mode / Regulation	UN Number	Proper Shipping Name	Class	Packing Group	Marine Pollutant / Environmental Hazard	Notes
ICAO/IATA	UN3082	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.	9	III	Environmentally hazardous	Air transport

“Environmentally hazardous substance, liquid, n.o.s.” reflects the presence of hazardous components within the proprietary fragrance blend. Limited quantity and other exemptions may apply depending on package size and mode; consult applicable transport regulations.

Section 15. Regulatory Information

US Federal Regulations

- **OSHA Hazard Communication Standard (29 CFR 1910.1200):** Hazardous.
- **SARA Title III (EPCRA) – Section 313:**
This product contains one or more components present at or above de minimis concentrations that may be subject to reporting under Section 313. Users should verify reporting obligations based on actual usage and concentration.
- **TSCA (Toxic Substances Control Act):**
All intentionally added components are believed to be listed or exempt from listing on the TSCA inventory.

State Regulations

- State right-to-know and other product-specific regulations may apply to certain components contained in the proprietary fragrance blend. Users should ensure compliance with applicable state laws.

International Inventories

- Components of this product are expected to be in compliance with applicable national or regional chemical inventories in jurisdictions where the product is marketed.

California Proposition 65

- This product is not known to contain intentionally added chemicals requiring a Proposition 65 warning above applicable thresholds at the time of SDS preparation. Users should confirm current regulatory status for their jurisdiction and use.

Section 16. Other Information

Hazardous Material Information System (U.S.A.)

Category	Rating
Health	*2
Flammability	1
Physical hazards	0

Caution: HMIS® ratings use a 0–4 scale, where 0 indicates minimal hazard and 4 indicates severe hazard. These ratings and any associated labels are not required by 29 CFR 1910.1200 but may be supplied for information. HMIS® ratings are intended for use in the context of a fully implemented HMIS® program. HMIS® is a registered trademark of the American Coatings Association, Inc. The customer is responsible for selecting the appropriate PPE code for this product; for details, consult the HMIS® Implementation Manual.
